MESSAGE FROM THE PRESIDENT

The Marines are looking for a few good Men and/or Women!!!!

Unfortunately, we are not the men and/or women for whom the Marines are looking. Just in case it wasn't already obvious, we are too old.

But wait! There's good news for those of you who are too old to join the Marines - you're not too old to volunteer to be an officer (albeit not a Marine officer)!

WWCH is looking for a few good Men and/or Women!!!!

We need volunteers to serve as officers and directors for WWCH. Your club needs you.

It's that time of year again. One of two things could happen. One, the 2019 officer selection committee could struggle for the next two months to strong-arm members into reluctantly agreeing to serve as officers. Or two, stalwart, altruistic members could raise their hands and answer the call. I would much prefer to see the latter. All board members will be accepting names at the November meeting.

Perhaps you're hesitant because you're not sure what the board does. Here's a refresher.

Section 2. Duties and Powers.

The overall purpose of the Board is to plan, organize, staff, direct, and control those activities necessary to fulfill the Club's objectives. The Board shall have general supervision of the affairs of the Club between the Club's meetings, establish the hour and place of Club meetings, make recommendations to the Club members, and perform other such duties as are specified in these bylaws. All officers shall have an equal vote in Board proceedings.

Individual officers' duties are spelled out elsewhere in the by-laws, but the reference is too lengthy to reproduce here.

Lastly, I would like to make an appeal to all club members. Yes, the board is responsible for the items described in section 2 of the by-laws. However, this does not mean that the board should carry out all the work of the club. If all of us volunteer to help

President's Message(cont)

with the work of the club, then the life of a board member will be pleasant and it will be easier to fill positions. If we leave the board to do all of the work, then board duty will be unpleasant and it will be hard to fill positions. To those of you who already help out a lot, and you know who you are, you have my sincerest gratitude.

Mark Bolinger—WWCH President

Website of the Month

At Izzy Swan's website he says "you will find everything from money saving tips, woodworking projects, jigs and completely wild contraptions. I have been building and designing since I was old enough to swing a hammer. With a mind for out of the box thinking and an unusual mix of artful design and engineering interest, you never know what's going to happen next."

<https://www.izzyswan.com/>

On his YouTube channel you will find a large collection of videos in several categories including how-to, crazy contraptions, shop jigs, furniture, tool reviews, hack videos and others. He has a somewhat unorthodox style which is very entertaining.

If you are not already familiar with Izzy, stop by his website and/or YouTube channel. You will likely find something that interests you.
