

## WWCH January 2022 Toy of the Month

Football Running Back Puzzle

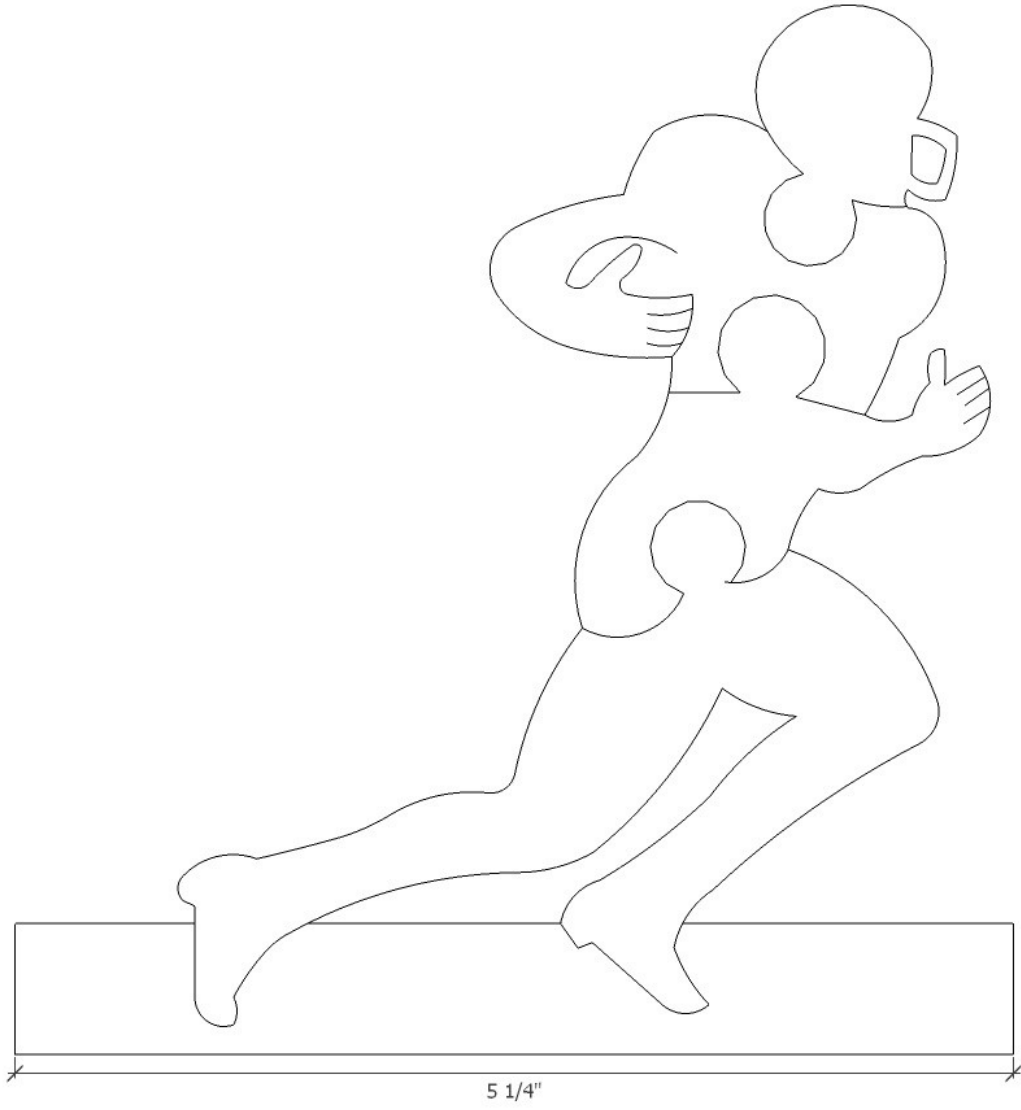

## *Instructions*

Please remember to work safely.

This is one way to make the Football Running Back Puzzle. You may have to adapt to the tooling you have available to you. Always use the tools and procedures that make the most sense to you.

1. Make a template from the attached full size pattern. 1/8" scrap or old file folders are a couple of materials you could use.
2. You'll need a stock of 5-1/2" long by 6" high by 3/4" width.
3. Use the template to outline the Football Running Back Puzzle on the material.
4. I'm using a scroll saw. Use this or a band saw to cut just outside the template pattern lines for the Football Running Back Puzzle.
5. Sand to the lines.
6. Sand to 220 grit. The objective here is to provide a smooth, comfortable, splinter-free toy for small hands.
7. Wipe all surfaces and see if any areas need more sanding. Repeat as needed.
8. Leave with no finish to allow for customization of a paint job by child. Otherwise, use beeswax or other approved finish.
9. Keep the best Football Running Back Puzzle for yourself or your favorite child and turn the rest in at a future meeting.

We at the Toy Group of the WWCH would like to thank you for participating in our toy making charitable activity. These toys will bring smiles to the less privileged children of our area.
