Rick Spacek	16
Roger Contreras	8
Leftover from 2024	156
Total	**2969**

*Includes 225 toys made directly for Summer Camp Programs

Other Stats:

- WWCH provided approximately:
  - 2,000 1" wheels,
  - 2,100 1-1/4" wheels &
  - 1,450 1-1/2" wheels (3,550 total), and
  - a commensurate number of axle pegs (although some folks used dowels, and at least Tom Paulley and Denis made/purchased their own wheels & axles)
- Glen Edwards sent about 750 small cars that various members sanded and installed wheels that contributed to the total count. Credit for these toys was given to the members that returned the finished cars.
- Special Shout Out to:
  - Denis Muras - Beautiful large race cars,
  - Ken Kuntz - Toy train sets, Road Graders, Dachshunds, & Cars
  - Charels Volek - Super Bees pull toys
  - Dan Schmoker – Wheelie Bug pull toys

Note to Chris – hopefully you have good close-ups of some of these that we could showcase in the newsletter & website.
